Sip for Thought...

Introducing a spectacular new addition to the OLC wine list, 2010 Cerro Anon Reserva Rioja. This plump red delivers harmonious flavors of plum, dried cherry, licorice, dried herb and spice, with light, firm tannins and orange peel acidity. This fantastic red blend stays lively and graceful through it's rather spicy finish. The selection of components for Cerro Anon reflects classic 'Reserva' wines of Rioja. Twenty months in oak and time in bottle, this is a well-structured blend of 80% Tempranillo, 15% Mauelo and Graciano and 5% Garnacha. This Reserva wine is now at its peak for tasting, promising an excellent future evolution over the next few years. Enjoy now through 2022!

Bodegas Olarra is located on the outskirts of Logroño, in the heart of the Rioja Qualified Designation of Origin and within the highly regarded sub-area of Rioja Alta. Since its establishment in 1973, Olarra has been noted for the beauty and complexity of its unique premises thanks to its Y-shaped ground plan and its 111 hexagonal domes. Bodegas Olarra is commonly known as the Cathedral of Rioja. This winery tastefully merges cutting edge wine-related technologies with the traditional winemaking methods of La Rioja, and as a result, it creates wines with the strictest parameters of quality.

Rioja's wines have historically been simple reds, blended and aged in American oak. An influx of French winemaking practices led to more refined efforts at estate-bottling and more judicious use of oak, and more French oak at that. Nowadays the region is struggling to find a cohesive identity, producing excellent wines of both new and old world character.

With just under 10,000 cases produced, this wine has received relatively decent critical acclaim, and a rating of 92 pts from Wine Spectator. Cheers!
