Club Update

It's August already. Hard to believe that a portion of the summer has gone by. We have had a very busy summer with many activities for the kids, including Kid's Camp, Laughing with Lukas, and of course, the treasure hunt in the sandy beach. Every Friday afternoon Lukas has a different activity for the kids. The OLC children have experienced water balloon fights, biking to Kiltie and getting ice cream, making cookies, pontoon boat rides and other fun activities. A big thank you to all who donated to the Go Fund Me Kid's activity fund. It is with your generous donations that we have made these memory making events fun for the kids.

The Annual Fishoree will be on Tuesday, August 7th. Make sure the kids bring their pole to try to catch the ugliest fish, the smallest fish, or the fish that looks like Lukas. It's an annual family event. Don't have a pole? Borrow one of ours!

Wednesday, August 15th is our last Ladies Night Out for the summer season. Our entertainment for the evening is painting your own wine glass! Bring your friends for a night of fun at the club. Beer, wine, and soda is included, along with hors d'oeuvres and desserts. Call the office today to reserve a table at this wonderful event.

Can't wait to see you at the club.

Sip for Thought

BY JARED WHEATON

Alexander Valley Cabernet has been blowing my mind lately! Overwhelming, lush, decadence in a glass. The unpredictability of, what was, 2014's vintage provides even greater want for these wines. Early budbreak and flowering and a mid-August cool spell, in Sonoma, led to great reward via deep color and dense, luscious texture. The grapes were harvested in the morning and fully crushed and destemmed before fermentation in 100% stainless steel. This Cabernet Sauvignon was then aged in varying-toasted French Oak barrels for 30 months.

WINEMAKER NOTES:

Deep purple in color, the Outlot Cabernet Sauvignon has a rich nose filled with black currant, cherry, fennel, cola, and licorice. Full bodied with a plush tannin entry, the palate has abundant red cherry fruit, mission fig, pepper rose and savory spice that carries through to a medium-firm finish.

VARIETAL: Cabernet Sauvignon • APPELLATION: Alexander Valley

CHEMISTRY:

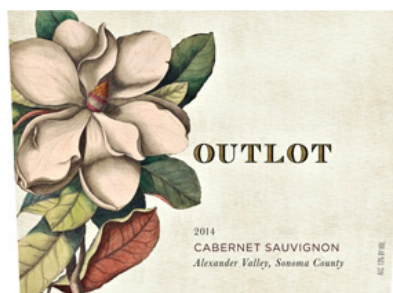

Alcohol - 14.1% Residual Sugar - 0.30 g/L TA: 6.70 g/L pH- 3.62

CRITICAL ACCLAIM:

Wine Enthusiast-(90pts) Stainless-steel fermented, this is a red that's ready to drink, blended with small amounts of Syrah and Pinot Noir. Thick, leathery, structured black fruit stars alongside dried herb and earth before a long, juicy finish.
